

# THE MORNING APPEAL.

SATURDAY.....JUNE 8

## A SPORTY DAY.

When Memorial Day first went into vogue it was a day of sorrow throughout the land, and the United States went into mourning for twenty-four hours. But time has changed until Memorial Day has degenerated into a great public holiday devoted to games, sports, horse racing and a big drunk.

Upon Memorial Day New York had three baseball events, two of bowling, six of general athletics, eight bicycling, one racing, two trotting, three golf, one lacrosse, one boxing, five tennis, eight cricket and no fewer than twenty three racing events. And it was the same all over the country everywhere and here and there a little more so.

## Levening the Lump.

Every now and then some "International Conference" man rises and asks what the Silver party of Nevada has ever accomplished. Read this declaration of principles on the money question by the Democrats of Illinois:

Resolved, By the Democrats of Illinois convention assembled, that we are in favor of the use of both gold and silver as the standard money of the United States and demand the free and unlimited coinage of both metals at the ratio of 16 to 1 without waiting for the action of any other nation, and such coins shall be a legal tender for all debts, both public and private, and that all contracts hereafter executed for the payment of money, whether in gold, silver or coin, may be discharged by any money which is by law legal tender.

It was not the custom of State conventions to thus define their positions on the money question, before the Silver party of Nevada opened the ball for the white metal and hoisted the battle flag of revolt inscribed 16 to 1. Whenever you see a 16 to 1 reference to silver it means they are taking up the Nevada Silver party battle cry and pa sing it down the line.

## EDITORIAL NOTES.

There are different kinds of eulogies; some are embarrassing, some are kindly and most appropriate, and such was the eulogy which the Hon. Chauncey M. Depew delivered on Cyrus W. Field in an after-dinner speech recently. Referring to Mr. Field, Mr. Depew said: "When I was in Genoa a year ago, looking at that splendid statue of Columbus, which is its chief monument, I noticed upon the base this inscription: 'There was one word' Columbus said. 'Let there be two and there were two.' After four centuries came Mr. Field with his cable and said: 'There are two words. Let there be one, and there was one.'"

For an exhibition of flunkeyism pure and simple, we refer the thoughtful mind to the advocacy by the Chronicle of Melville E. Stone to succeed Walter Q. Gresham as Secretary of State. Whatever of ability Stone has manifested, no broad, high-minded diplomatic talent has been discoverable. Activity is sometimes mistaken for executive force and cunning for talent. If the Chronicle's commendations of Mr. Stone are anything beyond the most arrant flunkeyism, they have been due to its inability to distinguish between these things.—Record Union.

The following appears in the Examiner telegraphed from this city relative to the Pickler case:

A peculiar feature of the whole case is that as far as the public knows the only real discovery that has been made since the shortage was discovered, was made by the attorneys of the accused man. The Government representatives were only present by invitation.

The man who dug up the bullion was Mr. Ulrich.

Rev. Geo. Gibson, pastor of Emmanuel Church, announces that he is going to deliver lectures on the murders committed in the church. The title of his lecture will be "The Crime of a Century," and his object is to raise funds for the payment of the church debt. Gibson is once more using the study in Emmanuel church where Minnie Williams was murdered.

If the author of the fake dispatches published in outside papers regarding the Mint shortage could be discovered a Spring suit of tar and feathers would be appropriate and should be presented to him immediately after the discovery.—News.

It looks as if the above was written before consulting somebody.

When the news came that the man arrested in Arizona was not the man Heney, there was great rejoicing among the Republican newspapers and others of the gang.

## The Weiland Saloon.

Whitney has assumed control of the Weiland saloon, which he proposes to run strictly up to the times. He will dispense the best liquors and cigars and fine old Government whiskey which slides down your throat like oil, tickling your palate meanwhile. Call and see "Handsome Whit." m11

## ICE. ICE. ICE.

The only pure ice in the market is that sold by Dr. J. M. Benton. It is cut on the Carson River—from pure, running water and not formed on stagnant pools, swarming with animal life. It is ice from mountain water that has its origin in the snow capped peaks of the Sierras and means health as well as coolness to the consumer.

## Keep Your Money at Home.

It should be the policy of Carson people to patronize every home industry. Support those who support the town by living among us and spending their money here. Such a man is Prof. Geo. Lamy, the instructor and tuner. Prof. Lamy's ability in all branches of his profession has been sufficiently demonstrated, and above all he is a resident and citizen of Carson. Engage him and keep your money at home. m12
